<b>It takes a Network to Fight a Network</b>	11 Nov 2024 9:00:00 AM	11 Nov 2024 9:30:00 AM	In this keynote address, delivered shortly after the conclusion of a 44-year career in law enforcement and border management, the Former Commissioner of the Australian Border Force will explore the intersection of insurance fraud, international border security, and organized crime. Drawing from personal experiences across decades of service—ranging from the London Metropolitan Police and Australian Federal Police, to leading Australia’s border security—Commissioner Outram will highlight the growing complexity and interconnectedness of global criminal networks. The presentation delves into specific criminal activities that exploit both borders and supply chains, including trade-based money laundering, vehicle theft, illicit drug	Carolina Mansion	Michael Outram

			<p>trafficking, and trusted insiders infiltrating critical systems. Key points will be to examine the evolving role of artificial intelligence (AI), data integration, and collaborative partnerships between industries and government agencies as essential tools for tackling these multifaceted threats. Michael will offer key insights into future strategies, highlighting the importance of trust, adaptability, and unified global efforts to safeguard international security and economic stability.</p>		
<p><b>Combatting Insurance Fraud and Crime Worldwide: A Scalable Model for Global Impact</b></p>	<p>11 Nov 2024 9:30:00 AM</p>	<p>11 Nov 2024 10:00:00 AM</p>	<p>In today’s global landscape, insurance fraud and crime are a growing and sophisticated challenge that impact economies, people and property worldwide. In this session, Chief of Staff Matthew L. Hanna will present how the National Insurance Crime Bureau’s (NICB) innovative approach to combatting insurance fraud and organized crime can be successfully adapted by countries seeking to build their own effective fraud-fighting institutions. Drawing on NICB’s proven track record, Mr. Hanna will outline key strategies and operational models that have allowed the organization to identify, track, and disrupt organized crime rings that target the insurance industry.</p> <p>The session will also introduce a forward-looking vision, where real-time sharing of</p>	<p>Carolina Mansion</p>	<p>Matt Hanna</p>

			<p>fraud intelligence can enhance international cooperation, build stronger defenses against transnational crime, and amplify the impact of anti-fraud efforts across borders. Additionally, Mr. Hanna will showcase NICB's robust learning and development programs, which are designed to train and equip international teams with the skills and knowledge needed to combat insurance fraud and crime.</p> <p>Through this session, attendees will gain actionable insights on building and scaling a comprehensive insurance fraud prevention organization, while contributing to a more secure and connected global insurance market.</p>		
<p><b>Global Synergy: Bridging Borders and Sectors to Combat Transnational Insurance Fraud</b></p>	<p>11 Nov 2024 10:00:00 AM</p>	<p>11 Nov 2024 10:30:00 AM</p>	<p>In an era where transnational organized crime is becoming increasingly sophisticated, the need for robust public-private partnerships has never been more critical. This session delves into the dynamic collaboration between governmental agencies and the private sector in the global fight against insurance fraud. This will be an interactive fireside chat with the Former Commissioner of Australia's Border Force and the U.S. President and CEO of the National Insurance Crime Bureau. Prior to the discussion, each leader will present their unique insights and strategies on fostering effective alliances to dismantle criminal networks that exploit insurance systems</p>	<p>Carolina Mansion</p>	<p>Matthew Hanna, Michael Outram, Dennis Toomey <b>Matthew Smith</b></p>

			<p>across borders. They'll explore the intersection of policy, enforcement, and industry practices, highlighting successful case studies and the innovative tactics being employed to outpace and outmaneuver fraudsters. This session aims to provide a comprehensive understanding of the multifaceted approach required to combat this pervasive issue and set a framework for future cooperation and success.</p>
